

FIRST REHEARSAL OF SEASON OPENS ON O. H. S. GRIDIRON

COACH SMITH CALLS SQUAD FOR
INITIAL PRACTICE — BOOKS
GAMES—FIRST CONTEST SLAT-
ED FOR OCT. 2.

Ottawa High school began preliminary football practice last night at King field under its new coach, L. H. Smith of New York state, in preparation for a full season. Fifteen men donned uniforms and appeared on King field last night in response to the initial call of the season sent out by the new coach.

Already four games have been scheduled to take place in Ottawa, and Smith will have to put his men through a pretty stiff grilling to get them into shape for the first game, which will take place Oct. 2 at King field, either with Morris Lockport or Pontiac.

The games scheduled are: La Salle, Nov. 13; Morris, Oct. 9; Princeton, Oct. 23; Mendota, Nov. 6, all to be pulled off at King field. Englewood has applied for a game to be played Saturday, Sept. 25, but Coach Smith, thinking it entirely too early and that Englewood is too strong a team to back up against for the opener of the season, did not accept.

Streator, Ottawa's rival of last year, will be looked for a game. At present Smith is planning on having either Rock Island or Streator here Thursday evening. Streator is most likely the one who will be chosen, as it will be pretty hard to get a team like Rock Island to leave their home town on such a date. Spring Valley and Joliet will also play Smith's eleven this year. The date is set, but will be settled in a week or so.

"Chuck" Sapp and "Buck" Mckenstock are the only first team men left over from last year. These two men took part in every battle of last season's schedule. Sapp will probably play full back this year, while Mckenstock will also play in the backfield.

"Shorty" Dougherty is another experienced man for Smith's eleven. Dougherty took part in several of last year's games. He is small, but has the grit and pep of a giant. He is going to work hard for the quarter back position, and there is no doubt he will succeed in pulling down the position.

York Duffy, said to be the best athlete in O. H. S., another experienced football player of last year, responded last night. Duffy will probably be slotted to right half back, filling out the back field. Duffy played last year and showed a wealth of spirit. Although he did not receive a large share of the ball, he played in several of the games.

These four are practically the only ones who took part in the games of last season. Every one is well built for football and are looked forward to by the ones who will have to pull the big stuff this year.

Behind them there are Carey, Wende, Bradshaw and many others, who are bent on making the first team. Smith will start to work tomorrow night on his first real drill. Every man who wants to make the team will be out and it is estimated by the coach that approximately fifty will appear on the field.

Tomorrow's practice will be mostly fundamentals, getting the men hardened up and working them down. After they are used to it they will be put through some real tough scrimmage, which will start in about two weeks. Indications point to a very fast, but tight, team this year, and there is no doubt Coach Smith will turn out a first class team.

New suits will be issued to the players. O. H. S. has purchased an even dozen new uniforms. The same color, maroon and white, will be used by the team. Some of them were issued last night by Smith to the men who looked most promising for the season.

Ferris Wheel There.
A new feature of the fair this year will be a Ferris wheel, which has been erected just south of the "Boat" hall. A merry-go-round is in operation a few feet west of the wheel and is doing a big business among the children.

Seed Inspection Exhibit.
Visitors at the fair will find an instructive exhibit of the seed inspection division of the state department of agriculture. It is shown in connection with the Farm Bureau display.

The exhibit is shown for its educational value, consisting of valuable information on seed selection and seed control. It shows by means of charts the Illinois seed law. The proper method of bagging the seed is illustrated. A comparison between the best quality of seed and seed of inferior grade is made by showing the actual amount of seed and the amount found in one bushel of the seed. In addition to this information on seed, is a collection of about ninety common weeds that have been picked, pressed and put in paper mounts. The common names are given and methods of control are suggested. The weeds are grouped according to whether they are annuals, biennials or perennial weeds.

The best way to obtain good, clean seed is to produce the best quality seed by keeping weeds under control. And the best way to make an attack on weeds is to become familiar with the individual weeds or at least the most troublesome. The seed inspection division is asking the co-operation of the citizens of La Salle county in the work of enforcing the Illinois seed law, the state seed laws and more thorough work on seed control.

Seed law and seed law bulletins are for free distribution. Report blanks for Canada (little commissions) are also available.

JACK JOHNSON MUST SERVE YEAR AND DAY AT FT. LEAVENWORTH

(Continued from page 1.)

Chicago, Ill., Sept. 14.—Jack Johnson, former heavyweight pugilistic champion, was sentenced to one year and a day in Ft. Leavenworth prison and fined \$1,000 by Federal Judge Campbell today for violation of the Mann act. The sentence reaffirmed that passed on Johnson in 1913, when he was convicted of transporting a white girl from Pittsburgh to Chicago for immoral purposes.

Johnson later fled to Europe, forfeiting his \$20,000 bond and from then until a few weeks ago, when he surrendered himself at California, he was a fugitive from justice.

Johnson's first wife killed herself during the trial in 1913, and he thereon married Lucille Cameron, the principal white witness for the state.

Johnson, nattily dressed, was smiling broadly when he entered court today. When sentence was passed he appeared much downcast. Permission was granted his attorney to file a writ of error and a stay of execution of the sentence was given until Saturday. Judge Carpenter ordered Johnson returned to the Geneva jail.
